

Zac Ingoglia

Highly Passionate Tech Expert

Glendale, AZ

poisonite@gmail.com

6024322018

I've been actively designing, building, and maintaining computers on commission for over 3 years. Recently, I've become very well acquainted with older systems. This includes repairing both software and hardware issues on said computers as well as upgrading them. There's absolutely nothing I have a greater passion for than building and fixing computers.

Authorized to work in the US for any employer
